

BEN UKHANOV

<https://ukben.dev> | Bat Yam, Israel | +972-53-820-3558 | ben.ukhanov@gmail.com

I am a self-taught programmer since 2010. Experienced in **C#, Rust, Docker**, Unity, and **.NET** in general.

Experience

MapleFighters.io

Aug 2017 – Present (3 years 6 months)

- I work on my own open source projects. I learn a lot, from client-side to server-side development with microservices.
- For the past three years, I work every day and on weekends, as a result, I have improved my coding skills significantly.
- You can see all the progress on GitHub and the quality of the code.

Technologies: **C#, Rust, Docker, .NET Core**, Unity, Visual Studio, Nginx, Git, GitHub, xUnit, PostgreSQL, MongoDB, WebGL, WebAssembly

KintoHub – Backend Engineer

May 2018 – Oct 2018 (6 months)

- I recreated all the server projects from scratch with new high quality code and architectural principles.
- I was responsible for implementing domain-driven design, validation and unit tests across all microservices.
- After my hard work, **KintoHub** successfully continued developing the platform and later raised a lot of money from investors.

Technologies: **C#, Docker, .NET Core**, Git, GitHub, Visual Studio, ReSharper, gRPC, Protocol Buffers, xUnit, MongoDB, RabbitMQ, Asana

Junglee Games – Unity Developer

Nov 2016 – Apr 2017 (6 months)

- I participated in the development of the game **EatMe.io**. I worked closely with other engineers remotely.
- Porting the **EatMe.io** project to WebGL from a mobile platform.
- My responsibilities included creating new features, fixing bugs and improving performance on all platforms.

Technologies: **C#**, Unity, Visual Studio, ReSharper, WebGL, Android, JavaScript, HTML, Git, GitHub, Jira, WebAssembly

Education

The Open University of Israel (2020 - Present)

I'm in my first year of part-time studies towards a Bachelor of Science in Computer Science.

Military Service

Israel Defense Forces – Soldier, Staff Sergeant

Nov 2017 – July 2020 (2 years 8 months)

I served in the C4I Corps as an IT Specialist. Supported all users from soldiers to officers in our unit, and also trained other team members.

Volunteer

Lasova Association – Youth Worker

Sep 2019 – Feb 2020 (6 months)

Twice a week in the evenings, I went out to help children at risk, do homework and play games.

It's called the "Forward Arrow Youth Center in Jaffa". Anyone can help children and share their free time with them.

Israel Police – Patrolman

Nov 2014 - Oct 2015 (1 year)

After school and sometimes on weekends, I went on patrols with friends in the city to help the police.

I received the Excellence Award a year later.

Languages

I can speak, read and write in Hebrew, English and Russian. I worked professionally speaking only English.
